ABOUT ME

Motivated Computer Science graduate with a certification in Full Stack Web Development, eager to apply technical expertise in building dynamic and user-friendly web applications. Equipped with a solid foundation in both Front-end and Back-end development, I am passionate about creating innovative solutions and learning from experienced teams. Seeking an opportunity in a collaborative and growth-oriented environment where I can contribute, expand my skill set, and launch a successful career in web development.

EDUCATION

- ❖ **Full Stack Web Development Course** (2023-2024)
 - PW Skills (Physics Wallah)
- ❖ **BSc. Physical Science with Computer Science** (2019-2022)
 - Keshav Mahavidyalaya, University of Delhi

SKILLS

- ❖ **Frontend:-** HTML5 | CSS | Javascript | Bootstrap | React.js | Tailwind CSS
- ❖ **Backend:-** Node.js | Express.js | Authentication (JWT, Auth)
- ❖ **Databases:-** MongoDB | MySQL
- ❖ **Version Control:** Git | GitHub
- ❖ **Microsoft Office:-** MS Word | MS Excel | MS Powerpoint
- ❖ **Language:-** Python

PROJECTS

- ❖ **Portfolio**
 - **Technologies:** HTML, CSS, JavaScript, React.js
 - A personal portfolio website showcasing my education background, skills, projects & certificates.
- ❖ **iNotebook**
 - **Technologies:** MongoDB, Express.js, React.js, Node.js, JWT Authentication
 - Built a note-taking application with MongoDB, JWT and bcrypt.
 - Implemented login, logout, and CRUD operations.
 - Used bcrypt to hash passwords and JWT for secure user authentication, improving security by 50%.
- ❖ **NewsApp**
 - **Technologies:** React.js, Node.js, Express.js, NewsAPI, CSS
 - Built a dynamic News Application that allows users to access the latest headlines and articles, covering a wide range of topics.
 - Fetches real-time news data from a third-party News API.
- ❖ **Pokedex**
 - **Technologies:** React.js, PokeAPI, Node.js, Express.js, CSS
 - Created an interactive app where users can search for Pokémon and view detailed information such as stats, abilities, and moves.
 - Utilised the PokeAPI to retrieve up-to-date data, ensuring an engaging & accurate user experience.

CERTIFICATES

- ❖ **Full Stack Web Development**
 - PW Skills (Physics Wallah)
- ❖ **HTML, CSS, Javascript, ReactJs, MySQL, Bootstrap, MS Excel, Frontend Development, Chatgpt(Beginner)**
 - Great Learning Academy
